

# Post-Graduate Research Lunchtime Information Talk

*for*

## Civil and Structural Engineering Students

Wednesday, 1 April at 13:15-14:00 in Rm 259

This lunchtime session will give students an idea of postgraduate study (not only at DIT): why you might pursue it; financial aspects; what you can study; current opportunities at DIT (for Sept. '09), and; an overview of the life of a postgrad student, the training and project, pressures and rewards. There will be an opportunity for questions after the presentations.

### Speakers:

- Dr Marek Rebow (Head of Research, Faculty of Engineering) on benefits, options, and motivations for pursuing postgraduate qualifications;
- Dr Colin Caprani on opportunities for research in bridge infrastructure;
- Dr Aidan Duffy on opportunities for research in energy policy and sustainability;
- Lacour Ayompe on life as a postgrad and work to-date;
- Colm Carey on life as a postgrad and work to-date.
